

CRISTINO AGAPITO JR

DJANGO DEVELOPER

SUMMARY

A Self-Taught Django Hobbyist.

I have always been fascinated by how technology can improve our lives. I aspire to build a career in the tech sector through the soft and technical skills I have honed while working for several multinational companies, along with my passion for process improvements and simple automations. I take pride in consistently asking "what if" questions, especially when working on day-to-day tasks.

WORK EXPERIENCE

Accounting Clerk (Internal Audit)

Municipality of Bocaue (2022 - Present)

- Conducted internal audits of Official Receipts against cash and check deposits to ensure accuracy and compliance.
- Enhanced existing Excel templates and developed new ones to minimize data entry redundancy and ensure data consistency through validation techniques.
- Managed data entry and summarized Barangay Transaction Reports to provide clear and concise financial insights.

Chat Support Representative

Concentrix PH(2018 - 2019)

- Managed multiple client accounts and addressed billing inquiries through a proprietary chat platform, developing a "response flow" template that enhanced response quality and improved team performance. Consistently ranked in the top 15% of agents within the account's population for customer satisfaction

Accounting Senior Assistant (Accounts Payable)

Conduent PH (2017- 2018)

- Oversaw accounts payable operations, effectively communicating payment details and proactively resolving issues with suppliers and stakeholders related to Purchase Orders, ensuring timely and accurate transactions.

SOFT SKILLS

Logical-Thinking

User-Centric Mindset

Quality-of-Life Improvement
Enthusiast

Willingness to Learn

People skills

Resourcefulness

Adaptability

Accepting/Admitting Mistakes

WORK EXPERIENCE (...CONTINUED)

Credit Card Specialist (Chat Support)

Bank of America Continuum Phils (2013
- 2014)

- Resolved customer concerns regarding credit card accounts by managing resets, replacements, fee adjustments, fraud investigations, and promotional offers, ensuring a high level of customer satisfaction and trust.

Data Analyst

Accenture PH (2012 - 2013)

- Delivered back-office support for a U.S. health insurance company by encoding costs and determining reimbursement eligibility. This role sparked my strong interest in backend processes, user interface optimization, and process automation, driving my commitment to improving operational efficiency.
